## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 101***

35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

Claims 5-7 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter since a computer program is merely a set of instructions capable of being executed by a computer, the computer program itself is not a process and USPTO personnel should treat a claim for a computer program, without the computer-readable medium needed to realize the computer program's functionality, as nonstatutory functional descriptive material. MPEP 2106.01(I).

### ***Response to Arguments***

Applicant's arguments, filed 11/3/09, with respect to the rejection of claims 1, 3, 4, 8 and 10-12 have been fully considered and are persuasive. The USC 103(a) rejection of claims 1, 3, 4, 8 and 10-12 has been withdrawn.

### ***Allowable Subject Matter***

Claims 1, 3, 4, 8, 10-12 are allowed.

Claims 5-7 are allowable other than the USC 101 rejection as stated above.

Claim 5 is non-statutory as there is no computer required to perform this task.

### ***Examiner Comment***

The Examiner attempted to contact Applicant's representative, Steven Patrick on 3/12/2010 to discuss the USC 101 rejection in order to practice compact prosecution. The Examiner invites Mr. Patrick to contact her by telephone in order to discuss/work out/answer any questions about the details of this rejection and advance prosecution.

### ***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
